# WHY WE STARTED CAMP

To have the work day  
of our dreams

To transition into the  
next phases of our careers

To spend less money  
at Perkins every month

To create something awesome  
for the Omaha community

# WHAT DO WE DO IN A DAY?

---

Work days start around 10am and can go until about 3am

Coffee, tea, soda, beer, cocktails...

Razor scooters

Marshmallow fights

Going to lunch together

Feedback on our projects

# THE RELATIONSHIP ASPECT

---

Learning from the people around us

Having a supportive network

Sharing business advice and lessons

Experiencing the ideal work day every day by surrounding ourselves with the best possible people in the best possible environment

## **THE RELATIONSHIP ASPECT**

---

New Gallup study shows the happiest people get 8 hours of social interaction a day. We have trouble finding time to be social when we are always working, but why can't we mix the two?

# WHAT WE LEARNED AT CAMP

---

**MARSHMALLOWS SHOOT BETTER  
WHEN THEY'RE SOFT, BUT HURT  
MORE WHEN THEY'RE DRIED OUT**

---

**YOU CAN DO WHATEVER  
YOU WANT AT WORK**

---

**WE WANT TO IMPRESS  
OUR PEERS**

---

**THOUGH IN DIFFERENT  
INDUSTRIES, WE HAVE A LOT  
OF THE SAME CHALLENGES  
AND TRIUMPHS IN BUSINESS**

---

**ASK FOR WHAT YOU WANT**

---

**LET YOUR PLAN GO**

**THANKS  
Y'ALL**
